CAMPUS LOCATIONS

UniLaSalle is more than just an engineering school, it is a place to live where you can thrive and find fulfillment. Campus life is marked by many student activities, it's the 6-8 — life after lectures between 6 pm and 8 am! By joining Unions present on our 3 campus locations, students learn organization, project management, team management... Student Life is a large part of the training provided by the Lasallian educational goal.

BEAUVAIS INTERNATIONAL CAMPUS

Located 1h15 by train from Paris, our Beauvais site is home to close to 2000 students. Surrounded by woodland, it offers a perfect setting for students to live and learn. The campus also features 1,100 dorm rooms, a university restaurant and sports facilities.

Beauvais Campus is an academic place as well as a place to live, where students meet at the Foyer, the Rugby field or the Gymnasium after classes. Its 18 hectares make it the largest of the three campuses. A regular bus service connects the campus to downtown Beauvais.

- Inaugurated in 1968
- 1850 students in 2019
- Opening hours: daily from 7 am to 11 pm
- ISO 9001 standard (Quality Management System: 2015 version)
- Accessible to people with disability

<https://beauvais.unilasalle.fr/en>

ROUEN INTERNATIONAL CAMPUS

The Rouen Campus is the most International of the three campus locations. Studying in Rouen means joining a campus-based school just 10 minutes away from a lively city with a student population of 37,000! All those involved in higher education in and around Rouen are committed to boosting the appeal of the Rouen Normandy metropolitan area.

1. Inaugurated in 2008
2. 600 students in 2019
3. Opening hours: Monday to Friday from 7:30 am to 7 pm
4. Accessible to people with disability

<https://rouen.unilasalle.fr/en>

RENNES ENVIRONMENT CAMPUS

The Rennes site is located on the Ker Lann Campus.

The Ker Lann campus was founded about 30 years ago and covers 165 hectares. It is located in Bruz which is 10km away from Rennes. The campus is green, with a lot of trees, ponds and bicycle paths. The different buildings are spread out, which creates a peaceful atmosphere. There are many schools on campus (UNILASALLE RENNES - EME, ECAM, ENSAI, ENS Rennes, Faculté des Métiers, etc.), sports facilities, student residences, as well as a university restaurant.

1. Inaugurated in 1992
2. 350 students in 2019
3. Opening hours from Monday to Friday from 8 am to 6:30 pm
4. Accessible to people with disability

<https://rennes.unilasalle.fr/en>

ACADEMIC CALENDAR DETAILS WITH HOLIDAYS

End of August	Integration Week emPLANT
1 st week of September	Undergraduate Integration Week
2 nd week of September	Start of classes for Undergraduate students
1 st week of October	Start of the classes for the Masters of Science degree
Last week of October	Fall Break
Last 2 weeks of December	Christmas Holidays
2 nd and 3 rd weeks of January	Undergraduate Exams
Last week of February	Winter Break
Last week of April	Spring Break
End of June	Exams and Retake Exams
July-August	Internship (Undergraduate year 1 or Master)

EXAMS FOR THE MASTERS OF SCIENCE DEGREE THROUGHOUT THE YEAR

ACADEMIC CALENDAR FOR EXCHANGE STUDENTS

1 st semester	End of August to end of December
2 nd semester	Beginning or Mid-January to mid-May or June
Holidays	Depending on the chosen programme

DEGREE PROGRAMMES TAUGHT IN ENGLISH

INTEGRATED BACHELOR AND MASTER PROGRAMME i-SAFE

(International Sustainable Agribusiness and Food Engineering)

LANGUAGE OF INSTRUCTION

English

CAMPUS

Rouen

CONTENT & GOALS

i-SAFE is the first undergraduate Master in the field of Life Sciences taught entirely in English in France. The programme focuses on providing the necessary key competencies and business experience to become the green business professional that is needed now and in the future. The programme enables the future professional to be able to deal with issues in agriculture, food and the environment. i-SAFE guarantees a 3D international experience; with international classmates, in the course programme and through extensive learning and training abroad.

INTERNSHIP

4 different Internships from 6 to 24 weeks from a farm or a food factory to an individual project and a pre-professional experience

PRE-REQUISITES

Secondary school diploma which is equivalent to the French Baccalaureate, Good level of Math, Physics and Biology and Proficiency in English (equivalent B2)

DURATION

5 years

START

September

DOUBLE DEGREE POSSIBILITY

Yes

STUDY CREDITS

300 ECTS (60 per year)

FEES

€7,600 per year (EU students)

€9,950 per year for Non-EU students

MASTER OF SCIENCE URBAN AGRICULTURE & GREEN CITIES

LANGUAGE OF INSTRUCTION

English

CAMPUS

Rouen

CONTENT & GOALS

- To gain the technical skills required to integrate multifunctional and innovative horticultural projects into urban development plans and building standards;
- To acquire and/or broaden skills to manage multidisciplinary teams, particularly planning, leading, coordinating, teamwork and organizational skills
- To be able to develop an extremely broad vision of the challenges inherent in urban agriculture and horticultural projects at all project stages, in terms of both diagnostics and the development of proposals, by demonstrating analytical and concise thinking;
- To be able to understand and master a systemic urban approach that moves beyond sectoral approaches (water, sanitation, energy, etc.)

INTERNSHIP

At least five months

PRE-REQUISITES

Bachelor or first year Master's required (or equivalent from an accredited institution)

DURATION

18 months (3 semesters)

START

October of any given year

FEES

Conventional program: €8,360

MASTER OF SCIENCE AGRICULTURAL & FOOD DATA MANAGEMENT

LANGUAGE OF INSTRUCTION

English

CAMPUS

Rouen

CONTENT & GOALS

The focus is on acquiring and applying IT and data mining techniques to the field of research and in companies and organizations involved in creating intelligence for agriculture. The programme offers solid, future-oriented training, drawing on a multidisciplinary teaching approach, the extensive experience of programme staff in internship supervision, and partnerships with several teaching and research institutions.

INTERNSHIP

6 months internship in a company

PRE-REQUISITES

Bachelor's or first year Master's required

DURATION

18 months (3 semesters)

START

October

STUDY CREDITS

90 ECTS

FEES

Conventional programme: €8,360

Continuing education: €12,240

MASTER OF SCIENCE: SUSTAINABLE MANAGEMENT AND ECO INNOVATION

LANGUAGE OF INSTRUCTION

English

CAMPUS

Rennes

CONTENT & GOALS

Our programme focuses on creating value for all company stakeholders by preserving and enhancing the ecosystem, balancing financial performance and responsibility, and by using eco-design and other sustainable approaches to transform current management practices..

INTERNSHIP

Yes

Bachelor

TOEIC > 750 or IELTS > 6.5

The admission to MSc programme is subject to an application review and an interview

DURATION

16 months

START

September

STUDY CREDITS

120 ECTS

DOUBLE DEGREE POSSIBILITY

With Rennes School of Business

FEES

€18,200

DEGREE PROGRAMMES TAUGHT IN FRENCH

ERASMUS MUNDUS MASTER PROGRAMME IN PLANT BREEDING (emPLANT+)

Run by a consortium of 6 European universities: UniLaSalle (France), University of Agricultural Sciences (Sweden), Universitat Politècnica de València (Spain), Szent István University (Hungary), University of Natural Resources and Life Sciences (Austria) and University of Milan (Italy).

LANGUAGE OF INSTRUCTION

English (except for Spanish if València, Spain is selected for the 2nd year)

CAMPUS

First year at UniLaSalle (France), Swedish University of Agricultural Sciences (Sweden) or Szent István University (Hungary). Second year in Austria, Spain, Italy or France.

CONTENT & GOALS

The programme covers the entire scope of a modern-day plant breeder's work and meets the growing need for professional field breeders. Thus, emPLANT+ aims at providing students interested in Plant Breeding with excellent training in science, management, law, languages and soft skills that are needed in the Seed Industry and Research Institutes. It provides a multidisciplinary approach, addressing traditional and biotechnology techniques, connections with management and new technologies (bioinformatics, data management etc.) to future MSc/PhD graduates to gain a comprehensive and strategic understanding of complex international breeding projects.

INTERNSHIP : Yes.

1st year at UniLaSalle: a 3 to 4-month internship at the end of the academic year. Internship + minor thesis = 5 ECTS

1st year at Szent István University: a 4 weeks internship at the end of the academic year. 0 credits

2nd year: a 6-month internship related to plant breeding. Internship + master thesis = 30 ECTS

PRE-REQUISITES

- Awarded Bachelor of Science degree (min. 180 ECTS) in Agriculture/Agronomy, Plant Biology, Biotechnology, Biochemistry, Master 1 Genetics, Molecular Biosciences or related relevant fields OR students in their last year of Bachelor
- Language proficiency: B2 in English ECTS: 60 (1st year) + 60 (2nd year)

DURATION

2 years

START

Second half of August

STUDY CREDITS

120 ECTS

DOUBLE DEGREE POSSIBILITY

Mandatory

FEES

€9,000/year for EU Partner Country students

€4,500/year for EU Programme Country students

BACHELOR EN GEOLOGIE (TSP)

LANGUE D'ENSEIGNEMENT

Français

CAMPUS

Beauvais

PRÉSENTATION

Le technicien géologue réalise des missions d'exécution en laboratoire ou sur le terrain, dans le cadre de projets d'aménagement (génie civil), d'exploration et d'exploitation des ressources (hydrocarbures, mines, carrières, ...) ou encore de dépollution de sites industriels. Des missions stratégiques au regard de notre planète : durabilité des gisements, prévention des risques naturels et industriels, interactions avec l'environnement...

STEP 1

Nominations must be sent by our partner institutions by email incoming@unilasalle.fr with the information about their students (Family name, first name, gender, date of birth, E-mail, Nationality, Study programme chosen).

STEP 2

The international office will get in touch with the nominated students to explain the procedure on how to apply. Several documents will be required:

- Curriculum Vitae
- Cover letter explaining the motivation to join the relevant programme

- Transcript of records of the last 3 years from the home university (translated in English or French)
- Language requirement: Official certificate of English B2 (TOEIC/IELTS/TOEFL) AND/OR French B1 or B2 (Delf) depending on the chosen programme
- One recent portrait photo
- Copy of valid passport

STEP 3

Admission

The jury will evaluate the applications (documents + interview if necessary) and give an answer within 2 weeks after the official application deadline.

Tuition

Tuition fees are waived for exchange students from partner universities
